

Rocky Mountain Crude Oil News

August, 2017

Rocky Mountain Crude Oil teammates! Say hello to your new Company newsletter!

Every month, we will use this forum to highlight notable accomplishments and important happenings within our company.

And, we'd like to hear from you, so let us know if you have anything you'd like us to address. Contact Mike Mathies at [mwmathies@mrcrudeoil.com](mailto:mwmathies@mrcrudeoil.com).

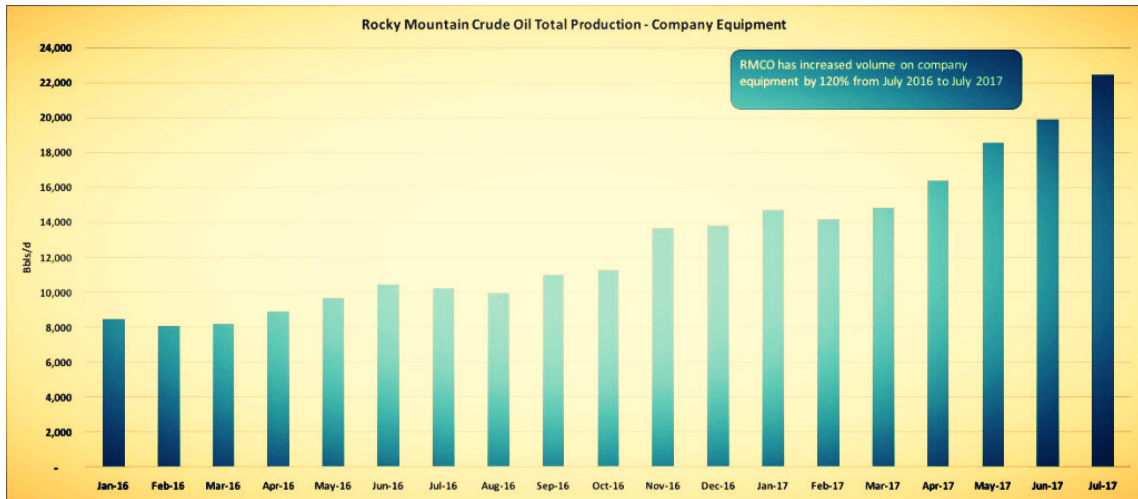

## On a Roll!

July marked a significant milestone for Rocky Mountain Crude Oil as our field supervisors, drivers, mechanics and dispatchers stepped up their activities and helped us achieve a monthly average of transporting **more than 22,000 bbd!**

That's a 120% increase from July, 2016 and that makes us **one of the fastest growing midstream transportation companies in our region.**

These results are a credit to the hard work and dedication of every associate and we appreciate all you do to represent our company in such a professional manner!

- Chris Helms, President and CEO
- Bill Dickey, CFO and COO

## Expanding our Fleet

Earlier this month we purchased three additional quad-axle trailers that will be placed into service in the **Northern Division** and **Weld County**.

**Eddie Carlton, Wayne Covington and Jeff Barnet** take possession of three 2011 Dragon 11,000-gallon quad-axle trailers at Ritchie Brothers auction yard in Longmont, CO.

# Jeff Beighle To Lead RMCO EH&S

Industry environmental health and safety veteran, Jeffrey Beighle, joined Rocky Mountain Crude Oil, LLC (RMCO) on August 21, 2017, as Director of EH&S.

“Jeff has a global pedigree in all things EH&S and has operated in North and South America, the Asia Pacific region and the Middle East,” according to Chris Helms, President and CEO of RMCO.

“Importantly, Jeff has a wealth of experience in crude oil transport operations in one of our most strategic producing areas, the Northern Division”

Please join us in giving a big RMCO welcome to Jeff!

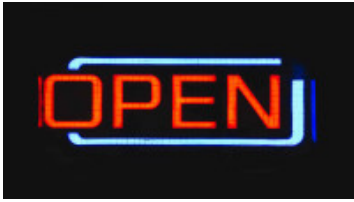

## Speaking of Safety . . . School's In Session

Much like how we open our team meetings with a *safety moment*, this newsletter is another opportunity to remind everyone just how important safety is to everything we do at RMCO.

So, appropriate for this time of year, here's a reminder for drivers to be extremely attentive and careful when driving in and around school zones or buses.

# Open Enrollment Coming Soon

Look for information next month on your employee benefits and Open Enrollment, which begins November 1, 2017.

We're here to help you understand each of the benefits the company provides so that you're able to use them to their full extent. After all, it's not a *benefit* unless it gets used!
